## Outstanding Features with Superior Quality

### • 5.8 GHz Frequency Hopping Spread Spectrum (FHSS) Technology

FHSS technology provides clear sound over longer ranges, as well as digital security to prevent eavesdropping.

### • Up to 8 Multi-Handset Capability / Up to 4-Way Conference Calling\*<sup>1</sup>

Up to 8 handsets can be registered with a single base unit for added convenience like intercom and up to 4-way conferencing.

### • Light-Up ID and Ringer ID\*<sup>2</sup>

If you subscribe to a Caller ID service, you can set the color of the light-up indicator and / or ringer tone to change according to the caller stored in phonebook. Three colours (blue, amber, green) and a colour-changing pattern are available.

### • Talking Caller ID\*<sup>2</sup>

When a call comes in, the phone doesn't just let you see who is calling, it actually tells you who is calling. Using text-to-speech technology the caller's name (stored in phonebook) is announced in between rings if Caller ID information is available.

### • Customised Ringer

Use your favorite songs or sounds as your telephone ringer. Just connect the supplied audio cable to your audio source and record it to use as the ringer.

(Up to 90 seconds in total, Up to 30 seconds for each track)

### • Caller ID Compatible\*<sup>2</sup>

The multifunction full-dot LCD displays the caller's name (stored in phonebook) and number, so you can see who's calling before you answer.
